

# PEARL GROUP STAFF PENSION SCHEME

## NOMINATION FORM

### NPI SECTION – DEATH IN DEFERMENT AFTER NORMAL RETIREMENT AGE

If you die after your normal retirement age having not commenced your pension, the scheme pays out a lump sum. It will help the Trustee if you nominate someone, especially if you have unusual personal circumstances or if you do not have any dependants. Completing this form is the best way of ensuring that benefits are paid without delay. Your nominations are strictly confidential.

You can change or withdraw your nomination at any time by completing and sending a new form to First Actuarial.

You can nominate a charity, society, club or similar body as well as an individual.

#### **For the attention of the Trustee of the scheme:**

If I die having deferred my pension beyond normal retirement age, I would like the Trustee to consider paying any lump sum benefit to the person(s) shown overleaf. I have indicated what percentage of the benefit I would like paid to each person.

So that the benefit can be paid free of tax, I understand that the Trustee do not have to follow my wishes; they are only a guide.

Continued overleaf...
